

HOW TO EXTEND/OPEN SURESHADE RTX SHADE ON COBIA 237

STEP 1 - Place both hands in center of bar at end of the shade

STEP 2 - Pull shade out evenly with constant momentum until shade is fully extended - RTX extends shade 4.5 feet

STEP 3 - Ensure 4 locking pins are locked in place on each side of shade

With locking pins locked in place SureShade RTX can remain extended - even when underway up to 50 MPH!*

*Secure the shade with the supplied & installed bungees when shade is not extended while underway.

HOW TO RETRACT/CLOSE SURESHADE RTX SHADE ON COBIA 237

STEP 1 - Release levers on both sides of the shade; push shade out slightly as you push in lever

STEP 2 - Place both hands at the center of the bar to push shade closed towards the T-top

STEP 2 - Shade tension will quickly close shade.
